HOW TO USE THIS GUIDE

This guide is arranged by color coded regions of the state. You will find a map describing the regional colors below and a more detailed map on pages **32-33**.

South Louisiana

In South Louisiana, we don't just make history, we create legends. Our food, like our music, makes you dance. Southern Louisiana vacations aren't about getting "away," but getting "to" all the fun things there are to see and do in this lively part of the state.

The region follows Interstate 10 from Lake Charles through Lafayette and the nearby coastal areas to Baton Rouge and then flows along the Mississippi River to New Orleans. And that's where we begin in the Greater New Orleans Area. There's just "that little something extra" about everything you experience in this region. What we call "lagniappe" in Louisiana. You'll notice it in everything from the food to the architecture.

BIRDING

Hundreds of bird species make their home in the Bayou State, but Louisiana also offers a resting spot for migrating waterfowl and songbirds in the spring and fall. Our countless birding trails make our state a habitat for many rare and endangered species, like the bald eagle and endangered Red-cockaded Woodpecker, as well as a natural paradise for bird watchers. Informative nature trails, lush wetlands and scenic waterways across the state provide year-round bird watching options.

WATER ACTIVITIES

The beauty of being on the water in Louisiana – which, we might add, is everywhere in the Bayou State – is in the diversity. Renting a house boat in Minden provides a different experience than the Cajun Corridor. Both, however, result in natural vistas, spectacular sunsets and unique wildlife viewing. Adventure-seekers can enjoy waterskiing on picturesque lakes or canoeing and paddling along scenic bayous.

FISHING

In Louisiana, fishing isn't a pastime or a hobby. It's a way of life, as intertwined with our culture as Cajun music and gumbo. Pick a place on the map and you're almost guaranteed to find a spot where folks are making memories and reeling in a fresh catch. From the pier to the plate, Louisiana is an angler's dream destination.
