benefit

LSUAgCenter.com/LaHouse

See the benefits of a high-performance home... and how to achieve them.

High efficiency – Use 30-50 percent less energy and water than typical new homes (good for you and the environment).

High comfort – Keep cool and dry in summer and warm in winter, all with low energy bills.

High durability – Rest easy before and after storms. Live free of damage, decay, mold and termites.

High indoor air quality – Build tight, vent right and conquer humidity for healthy living.

High convenience – Experience the freedom of design for life...for any age, any stage.

High return on investment – Brighten your future with higher home value.

Low maintenance, low hassle – Have more time and money to enjoy life.

LaHouse is a one-stop showcase of solutions designed for the South, with hundreds of home building, improvement and landscape exhibits; feature signage; video tour guides; free publications; a resource library and more.

Open to the Public
