

Louisiana Distribution Program

Digital & Visitor Center Distribution Contract

What is the Louisiana Distribution Program?

The Louisiana Travel Association provides members with a low cost means of distributing literature throughout the state's network of approximately 53 visitor centers. These visitor centers are operated by the State of Louisiana on the major interstate highways, at entry points to Louisiana, by city or parish governments, chambers of commerce, or tourist bureaus.

How does the VCD program work?

LTA keeps a master list of all brochures that participate in distribution program that is updated monthly. On the first of each month, a memo containing any announcements or updates is emailed to all participating visitor centers. This memo also contains photos and highlights of all new or updated designs and new participants and master list of every brochure we have in inventory. Each visitor center is then able to order brochures based on their specific needs.

How does the Digital VCD Program work?

The digital distribution program provides instant access to your brochure through the LTA website. Travel specialists at each visitor center will have the ability to connect travelers directly to your brochure via the online link provided.

<https://louisianatravelassociation.org/digital-visitor-center>

- Renewals:** Once renewals are sent out, participants have **30 days** to remit payment or distribution will be placed on hold until payment is received. If payment is not received within **60 days** the business owner will be responsible for picking up the remainder of the brochures, we can ship them back at the owner's expense, or they can be disposed. If we do not receive payment within **90 days** of the invoice, termination of distribution will be implied, and **any remaining brochures will be discarded, no questions asked.**
- Non-Renewals:** Customers who **do not wish to renew** must notify LTA within **30 days** before their contract's expiration date to stop distribution and avoid re-billing. Any leftover brochure inventory will need to be picked up by the owner, shipped at the owner's expense, **or it will be disposed of by LTA.**
- Quantity of Brochures:** **No more than 5,000 brochures** should be sent for distribution at a time. LTA will send a request for additional brochures when needed.
- Labeling & Banding:** Each box of brochures **must be labeled** with the name and quantity of brochures and boxes **must not exceed 12"x12"x10"**. All brochures **must be banded or shrink wrapped in quantities of 25 or 50** for inventory tracking. Any brochures not pre-counted in multiples of 25, will result in a subsequent charge of **20% for manual counting.**
- Warehouse Handling:** LTA DOES NOT have a forklift. We can receive freight shipments with a lift gate. All shipments must be unloaded manually with an "inside delivery" designation on shipping.

Please choose a plan (Contract and materials must be received in the LTA office by the 15th of the month prior to the month that brochures should begin distribution):

Annual Distribution: (20% Upcharge for Non-LTA Members)

- o One Panel Rack Card (no larger than 4" x 9") \$600.00/yr.*

*New brochures participating in the distribution program will be distributed quickly at first but will settle to a normal level once the centers are familiar with their availability.

It is the participant's responsibility to notify LTA of **ANY CHANGES in the design or content of their brochure. They must also contact LTA when a special offer has expired.

***While every effort is made to encourage each center to order all participating members' brochures, LTA has no control over the ordering process for each visitor center. We urge participants to review their reports and to contact centers who are not ordering their brochures.

**** LTA cannot be held responsible for any materials stored at the LTA warehouse beyond the normal care and security provided during regular working hours. Members' materials cannot be insured for loss from fire, theft, vandalism, or wind or rain damage under the Association's insurance contents policy.
